### PROFESSIONAL SUMMARY

Enthusiastic and detail-oriented React developer with hands on experience on building responsive, user-centric web applications. Strong expertise in developing modular components, managing state efficiently, and ensuring seamless API integration. Passionate about collaborating with cross-functional teams, troubleshooting issues, and continuously learning new technologies to create innovative digital experiences.

### TECHNICAL SKILLS

- Frontend Development: React.js, HTML5, CSS3, JavaScript (ES6+), Tailwind CSS, Material UI
- State Management: Redux, Context API
- Backend & Server-Side Rendering: Node.js, Express.js, Next.js API Routes, MongoDB, MySQL
- Version Control: Git, GitHub
- APIs and Integrations: RESTful APIs, Axios, JSON
- Deployment: Netlify, Vercel, Render

### EXPERIENCE

September 2024-Present

#### Global Health Opinion.Inc

##### React Developer Intern

- Developed responsive and user-friendly frontends for multiple applications, focusing on efficient design, seamless user experience, and robust functionality
- Skilled in designing and implementing reusable components, state management, and optimizing performance.
- Collaborated with cross-functional teams to ensure seamless integration of front-end features with backend services, resulting in high-quality and scalable web applications.

#### CamerinFolks Private Limited

February 2024-August 2024

##### MernStack Developer Intern

- Build responsive user interfaces using React.js.
- Developed APIs with Node.js and Express.js.
- Manage server-side logic and integrating frontend components
- Learn new technologies and tools to improve productivity.

### PROJECTS

#### Food Zone

- Food Zone" is a subscription-based meal delivery application that is developing using the MERN stack (MongoDB, Express, ReactJS, and Node.js). It is designed to offer users a convenient and flexible platform to receive regular, curated meal deliveries tailored to their preferences. The application features a user-friendly interface where customers can browse a variety of meal plans, customize their dietary preferences, and set up subscriptions based on their needs.

### CERTIFICATIONS

- Certification Software Testing - ISTP Digital
- Certification in Database Management System- Nptel IIT Madras
- Certification in Java Fundamentals - Udemy

### EDUCATION

#### Master's in Computer Application (MCA)

Nirmala College, Muvattupuzha  
2022-2024

#### Bachelor of Computer Science

Swamy Saswathikananda College, Poothootta  
2019-2022
